SCHOOLS & COLLEGES.

Select School for Boys and Girls.

ON THE SIXTH DAY OF SEPTEMber next, I will open a School for Boys and Girls, from 6 to 14 years of age. The course of instruction will embrace the usual English branches, Natural Science, and the German Language.

To those who do not know me as a teacher, I merely remark that the methods of instruction will be different from those pursued in other Schools in this city. The various branches are actually taught, and an understanding effected, instead of compelling the pupil to commit to memory from books, regardless of understanding.

Tuition fee will be $8, $9, or $10 per quarter of eleven weeks, according to the different classes. The School-house is on Second street, next to the Louisville Water-Cure Establishment.

ST. MARY'S COLLEGE,

MARION COUNTY, KY.

THE NEXT SESSION OF THIS well-known institution, situated on the Louisville and Lebanon Railroad, will commence on MONDAY, September 6th. The College is possessed of a corps of able and efficient Professors and other officers, the studies are conducted in a systematic manner, and strict discipline and order are enforced in every department. The course of instruction embraces all the branches of a thorough English and Commercial Education, including Latin, French, and German, when required.

Particular care is bestowed on the religious culture of Catholic pupils. No disorderly or habitually indocile and idle boys will be kept in the institution.

Payment in advance of the whole amount of each session, or a note bearing interest will be strictly insisted on.

SHELBY COLLEGE.

THE ENSUING SESSION OF THIS institution will be commenced on MONDAY, the 13th of September. A full and efficient Faculty is engaged for the session.

Special attention will be given to thorough instruction in the Greek and Latin Classics, both as to their language and literature; to Mathematics, English Grammar, and Composition.

Vocal Music will be taught by a competent master, as a part of the system of instruction in the Preparatory Department.

Instruction will be given in the higher branches of Astronomy in the Junior year of the College course, aided by the powerful Equatorial Telescope connected with the institution.

A building is now in process of construction for a Library and Reading Room, which, besides a suitable library, will be supplied with the choicest English and American periodicals. Each pupil who may have access to this room will be required to subscribe for one of these periodicals, or a newspaper, to be selected by the President of the College without regard to party politics. By this plan each pupil will, for a small sum, enjoy the benefit of access to many of the best magazines and newspapers of Great Britain and the United States. This arrangement, together with systematic instruction in Vocal Music, is deemed highly important in the cultivation of the moral and intellectual tastes of the youth who may be entrusted to the authorities of the College.

For terms, for a session of ten months, apply to the undersigned: WM. J. WALLER, President of Shelby College.

Louisville High School

(Heretofore known as Clark's High School)

WILL COMMENCE ITS FIFTH session on the first MONDAY of September, in a new and commodious building, in course of erection, situated on Chestnut street, between Second and Third. The intention of the proprietors is to make this, in point of thoroughness of instruction, equal to the best of Schools. The teachers have been for years identified in this community as educators; and the great patronage hitherto received, and their extensive acquaintance, is sufficient evidence of qualification and faithfulness.

J. T. CLARK, the Principal, will teach the Ancient Languages and an entire English course.

Prof. B. M. HARNEY will teach all the Mathematical branches, from primary Arithmetic through all the grades of higher Mathematics.

Prof. BARGAS, a native Frenchman, will teach French, German, and Italian.

Terms per session, including the entire course, in advance	$40 00
For select course, not including the Modern Languages	30 00

No student will be received for less term than a session. No deduction for absence. Four or five students will be accommodated with board by the Principal, if desired. An early application is solicited.

For further particulars, address the Principal, Louisville Post-office. J. T. CLARK.

Dr. Guentz's Select School

FOR A LIMITED NUMBER OF YOUNG GENTLEMEN.

ON WEDNESDAY, THE 1ST DAY of September, 1858, the undersigned will open a School next door to his residence, on the south side of Broadway, between First and Brook streets. Not more than *twenty* pupils will be admitted. Dr. Guentz will devote *his whole time* and *his undivided attention* to their tuition and management.

Instruction will be given in all branches belonging to a complete English education, as well as in Mathematics, the Classics, the Modern Languages, and the Sciences.

There is ample room for Gymnastics, and other outdoor exercise, near the school-house.

It is deemed unnecessary to assure this community that the instruction will be *thorough* and the discipline *strict*, but, at the same time, *kind* and *mild* in its application, since the success of the "Select English and Classical Institute" which Dr. Guentz had in this city from 1848 to 1852 has established *facts* that speak for themselves. It may, therefore, suffice to state that his present School will be organized on the same principles and conducted on the same plan as his former one.

Terms per session of twenty-three weeks, $50.
No extras whatever.
Early application will be duly appreciated.

READING MATTER ON EVERY PAGE.

FRIDAY..................SEPT. 3, 1858.

Attention, Democrats of the First and Second Wards.

There will be a general meeting of Democrats of the First and Second Wards, on Friday evening, September 3d, at SCHWIND'S EXCHANGE, on Jefferson street, north side, between Hancock and Clay. A full attendance is earnestly requested.

Deferred Matter.

Owing to the pressure of other matters we are obliged to defer the publication of Douglas's rejoinder to Lincoln's speech, which appeared in our columns on Thursday. The demand for copies of our paper containing these speeches has thus far exceeded our supply. We have concluded, therefore, to publish the entire debate, complete, in our paper of Saturday—the speech of Douglas, Lincoln's reply, and Douglas's conclusion, all in one paper. It will thus be in a much more convenient shape for those who wish to read the discussion of the two distinguished champions of the contending parties in Illinois. Papers containing the debate may be had at the clerk's desk.

☞ The editor of the Journal would save a good deal of trouble, and serve himself in the end, if he would be candid with his readers as to the position of the anti-slavery men of the North. He gives Lincoln's answers to the questions of Douglas, but he doesn't give the speech of Lincoln, wherein these answers are modified and explained away. Mr. Lincoln's reply to one question only, as published in the Journal, shows really where he stands on the point in question. He will not repeal the fugitive slave law. He thinks it might be modified, however, so as to be less objectionable to the North. To every other question his answer is, in fact, in the affirmative; although they appear in the Journal in the negative. He is not for the admission of any more slave States. He intends to prevent the application of any more slave States, by the prohibition of slavery in all the territories. If, after that, the people of any territory, when they come to form a constitution, desire slavery, Mr. Lincoln does not pledge himself to refuse their admission. Mr. Lincoln does not expect a miracle to happen; and is, therefore, not afraid to promise what he doesn't intend to do, if one does happen. Mr. Lincoln will not recklessly abolish slavery in the District of Columbia, but he will do it in an ingenious and quiet way. He will have a majority of the District to vote in favor of it, and then he will compensate those who are unwilling to surrender their property. He can very safely calculate, that when his party gets control of all the federal influence and patronage, it can buy the assent of a majority of the District. Mr. Lincoln will not recklessly abolish the slave trade between the States. He hasn't made up his mind yet whether it can be done; but if the object can be accomplished in a quiet, peaceable way, he is for it. He would not acquire any territory in which slavery exists, if it would agitate the slavery question among ourselves.

Such is the position of Mr. Lincoln. Be it remembered, also, that Mr. Lincoln holds that it is impossible for this Union to exist, composed partly of free States and partly of slave States; and that the North will never be satisfied until convinced that slavery is in process of final extinction. It will be seen, then, that this question of slavery will control the legislation of Mr. Lincoln, if he ever gets to the Senate of the United States. He is for doing all against slavery that it is possible for the federal government to do. He even goes so far that he will undertake to prohibit slavery by an act of Congress, in all the territories, after the Supreme Court has decided such an act unconstitutional. He will be even more effective against slavery, inasmuch as he will assail it in the most plausible and peaceable way, and shun, if possible, reckless legislation, that they may defeat its object.

We shall not to-day reply to the assault of the Journal upon the position of Senator Douglas. He has got out his old vocabulary, hunted up all the startling and extravagant adjectives, and pours them out promiscuously in his columns, against a simple, plain fact, that slavery will not go into a territory where public opinion is against it; and that it cannot exist in such a territory, for want of that friendly legislation that it requires. This is a mere fact, which every statesman will assume and act upon. None but the demagogues will undertake to mislead the South, by assuring her that the mere abstract right to hold slaves in a territory will render that property valuable in the face of a community hostile to it, that has all power of legislation affecting persons and property.

☞ In the dark days of the Revolution; when the Father of his Country retired, step by step, before the superior numbers and experienced tactics of the foe, that great patriot always looked trustingly to the future, never once despairing of ultimate victory. He used persuasion with the disaffected, brought cogent reasons to bear upon the lukewarm, favored alliances with European powers, and embraced every available aid as a means toward the accomplishment of the nation's enfranchisement. This is the policy for the American party to pursue now. We must look for assistance from every quarter, where a common enmity to tyranny stimulates resistance.—*Lou. Journal.*

Which one of the "European powers" does the editor propose that his party shall form their first alliance with, against the Democracy? Will it be the Pope? We suppose he borrows his flight about "resistance to tyranny" from Gerret Smith's last stump speech. The "tyranny" of slaveholders is the great stock in trade of the Black Republican stump speakers.

☞ We publish this morning a letter from Capt. Wm. J. Heady, in response to numerous inquiries as to whether he will permit his name to be used before the State Convention in 1859, in connection with the gubernatorial contest. His letter is short and to the point. Capt. Heady is as true a Democrat as our good old Commonwealth contains, and he will wear befittingly any honors his party may confer upon him.

☞ Some of the New York press, for want of better employment, are turning their batteries against that class of machine musicians known as organ grinders. About the biggest nuisance of this kind, that we know of, is the editor of the Washington Union. Let them pitch into him.

An Opening for Novel Writers.

We remember to have read, some years since, a rather clever novel, entitled, "*Cælebs in Search of a Wife.*" We would suggest to Sylvanus Cobb, Jr., or some of his confreres, that they take for a subject our neighbor's troubles, and give us "PRENTICE IN SEARCH OF A PARTY."

☞ Oh! if I only had a widower for a beau, how I would lead him around
MYRTLE (*of the Democrat.*)

With a beau-string, we suppose.—*Louisville Journal.*

A mistake, neighbor. A halter would be nearer the thing—barring the h.

A Letter from Capt. Wm. J. Heady.

WALNUT SPRING, JEFFERSON COUNTY, September 1, 1858.

MESSRS. EDITORS: Within a few months past, various inquiries have been made by letter and otherwise, whether or not my name may be used by my friends in connection with the canvass for a candidate for Governor of Kentucky. In giving my consent, I must express the deep emotion of a grateful heart for this offer, by partial friends, to invest me with the duties and honors of the most distinguished office in the gift of the intelligent people of this renowned old Commonwealth. In a review of my connection with the national Democratic party for the last twenty years, having held no civil or political station, I can find nothing to commend me now to its consideration and favor, except my zealous devotion to its men, its measures, and its principles. The party whose fortunes I have followed—always in a minority in Kentucky until 1856—with an occasional success now and then, it can hardly be a reproach or objection, that I have filled no official station by the suffrages of the people. Believing that I have been just to Democrats and liberal to Whigs and Americans, I dread no investigation of my votes and conduct generally, as a Democrat and citizen. As to Black Republicanism, it is only another name for anarchy, nullification, disunion and ruin, of the harmony, peace, and happiness of American government and all its endearing ties and memories. I have no patience with it, nor its authors, nor supporters, nor sympathizers, and will neither give nor take quarter from them. I shall cheerfully abide the action of the 8th of January Convention at Frankfort, and yield a cordial support to its nominees.

Your friend and obedient servant,
WM. J. HEADY.

"SAM."

A Very Pathetic Ballad, to the Tune of Lord Lovel.

Oh! Sam, he died to day, to day,
The Journal, he died to-morrow;
The Journal died of a very black tongue,
And Sam, he died of sorrow—
—'Orrow—'orrow—'orrow,
And Sam, he died of sorrow.

Sam was buried in Kansas,
And the Journal was put in the fire;
And out of Sam's breast a nigger arose,
And out of the Journal's a briar—
—'Iar—'iar—'iar,
And out of the Journal's a briar.

Oh, very sad is the Jour—Journal,
And very sad are his chimes;
He hasn't retained a pitiful pal
To wait on his table and learn the value of crumbs—'rumbs—'rumbs,
And learn the value of crumbs.

For the nigger has cut down the briar,
And all of the crumbs are eaten;
And all of the fat has dropt in the fire,
And the best bre(a)d man on a funeral pyre,
Is very well-done and beaten—
—'Eaten—'eaten—'eaten,
Is very well-done and beaten.

NOBLE FELLOW.—At a fire in Cincinnati, Sunday night, a member of the city police, named George Carr, at the risk of his life, and it may prove at the sacrifice, rescued a mother and her two children from the flames. The Gazette thus describes the scene:

Policeman George Carr, a noble fellow and brave officer, ventured up the ladder and into the room, at the risk of his life. Water was freely played on, and he soon appeared bearing Mrs. Duncan. As she was safely brought down, the pent up feelings of the crowd burst into loud cheers and clapping of hands. George ventured in again and brought out a child, which was passed down. A third time he entered and brought out the remaining child. Each time he appeared with his precious human freight, the large crowd gave him hearty cheers. There was in Mrs. Duncan's room besides herself and two children, a hired girl, who had got out while the others were escaping in front, to the back windows in the third story, whence she jumped on to a porch and escaped with no injury beyond a few bruises, and some suffocation.

Mrs. Duncan and children were taken into a room in the building on the corner of Hammond and Fourth streets, where their wants were cared for. All of them were suffocated by the smoke, dripping with cold water, and senseless. Their wet clothes were torn off, and after some rubbing their consciousness returned, and when we left them, at about two o'clock, they were fast recovering. Mrs. Duncan's husband was out of the city. The children were quite small, one two and a half, and the other about five years old.

After they had been brought down, there were many who claimed the honor of saving the family, but it belongs to George Carr. He was the only person who entered the room, and handed out the family. John Leonard, belonging to the "Citizens' Gift" Company, Charles Gilman, to the "Niagara" Company, and Geo. Anderson to the "Deluge," received them from his hands and conveyed them down the ladder.

George Carr was taken to Scanlan's drug store in a dreadful condition. He was thence removed to the William Tell restaurant, where he remained at the hour of writing. He had inhaled great quantities of smoke, and was in intense pain. When we left him, his loud breathings, as he endeavored to get the smoke from his lungs, could be heard through the closed doors out in the middle of the street. Too much praise cannot be given to his noble daring and self-sacrificing conduct.

P. S.—At 2½ o'clock this morning George Carr could not speak. His condition was very critical.

SOUTHERN

PACIFIC RAILROAD!

REPORT

OF A COMMITTEE APPOINTED BY THE STOCKHOLDERS, AUGUST 24, 1858.

The deep interest in this enterprise, in Louisville, was manifested by a large assemblage of our citizens, in the room of the Masonic Hall, August 24th, 1858. The Hon. James Guthrie was appointed Chairman, the Rev. Mr. Shannon, of Missouri, Secretary, L. A. Whiteley, Esq., Assistant Secretary.

Dr. Fowlkes, President of the Southern Pacific Railroad Company, read his report.

On motion of George W. Williams, Esq., a committee of five were appointed to examine into the report of the President, and hear such information as he could communicate, and report to an adjourned meeting, to be held at 4 o'clock, P. M.

The Chair appointed George W. Williams, of Paris; J. H. Harney, Jacob Swigert, of Frankfort; J. McCracken, of Cincinnati; and W. S. Bodley.

At the hour appointed the meeting re-assembled, and the committee read the following report:

Your committee, having examined all the facts within their reach, believe that the report read before you this morning, gives a correct account of the present condition of the Southern Pacific Railroad Company. Notwithstanding the resources of the company, its means are so much embarrassed by previous bad management, that there is nothing to pay pressing liabilities, prevent a sale under execution, and consequently the entire sacrifice of the stock. For resources and liabilities, see President's Report.

As the only available means in the present emergency, we offer the plan contained in the following resolutions:

Resolved, That this meeting appeal to the stockholders in this State and vicinity to contribute voluntarily fifty cents on each share of stock held by them, before the first day of October next.

Resolved, That A. D. Hunt be appointed a trustee of the fund so contributed, who shall receive and hold it until he is notified and satisfied that a sufficient sum is raised to relieve the company from its present embarrassment; until that time no part of the fund shall be used; nor shall it be paid over until authorized by a meeting of the stockholders, called together upon notice given by the trustee.

Resolved, That if a sufficient sum shall not be raised to relieve the company from its present liabilities, that the trustee shall return to each contributor the amount of his contribution.

Resolved, That your committee have full confidence in the value of the enterprise, and that the sum necessary to relieve it from its present embarrassment is trifling, and that the contributors will be more than remunerated by the immediately enhanced value of their stock.

Resolved, That your committee believe that if the necessary means are not raised, the interest of the stockholders must be sacrificed and the great enterprise postponed, if not defeated; and we therefore earnestly invoke the stockholders to come forward and protect their own interest.

Resolved, That as soon as the present embarrassment of the company is relieved, the road can, and will be, put under such control as will secure its completion and increase the value of the means already invested ten-fold.

Resolved, That, in furtherance of these views, J. H. Harney, Chairman, Rev. James Shannon, and Col. L. A. Whiteley, prepare a report of the proceedings of this meeting, together with an appeal to the stockholders of this company, urging upon them the payment of the per cent. suggested in the first resolution, upon their respective shares of stock; also meetings of the stockholders in New York, Cincinnati, St. Louis, New Orleans, Nashville, Knoxville, Memphis, and elsewhere, be held to co-operate and aid our efforts to provide the means necessary to free the company from embarrassment.

We earnestly recommend that stockholders, who are indebted on their subscriptions of stock, do pay up the several amounts due by them, forthwith.

Upon motion of Mr. Bullock, the resolutions were read severally, and unanimously adopted.

Several stockholders present desired further information about the previous management of the company; what disposition they had made of the means which had already been furnished. After remarks from several members of the meeting, Dr. Fowlkes was called upon for further explanations of the affairs of the company. Questions were put to him by several members of the meeting, which he promptly answered. The meeting seemed entirely satisfied that the present directors of the road, and their energetic President, were acting faithfully and promptly for the interests of the stockholders.

Dr. Fowlkes stated that he and others, who controlled a majority of the stock, had, last April, solicited Mr. Guthrie to take the presidency of the road, with the permission to choose such board of directors as he might desire—confident that his name and credit would inspire a confidence in the enterprise that would insure its success; and he was ready now to surrender the position he held to Mr. Guthrie as well as anxious to do so.

Mr. Guthrie stated to the meeting that he had been solicited by Dr. Fowlkes and others, as was stated; but that he had engaged in helping on the construction of the Louisville and Nashville Railroad, with a branch to Memphis; that he felt it his duty to this city to promote this enterprise—to connect Louisville, in which he had spent his life, with the South. He did not feel, at his time of life, and with his partial knowledge of railroad constructions, that he could engage in this great enterprise, which would require seven or eight years for its completion. He said the road was now in better hands; that Dr. Fowlkes was better qualified for the head of such an enterprise than he ever was; that he believed the road was now in the right hands, and that the present directors would secure the interests of the stockholders, and complete this great work.

On motion of Mr. J. M. Bullock—

Resolved, That this meeting approve unanimously the appointment of Dr. Fowlkes as President of the Board of the Southern Pacific Railroad Company.

On motion of Mr. George W. Williams—

Resolved, That a committee of three be appointed and aid the collection of the contribution proposed; also,

Resolved, That the thanks of this meeting be tendered to the Hon. James Guthrie, chairman, and Messrs. Shannon and Whiteley, secretaries, for the able and faithful manner in which they have discharged their respective duties.

On motion of Mr. Whitaker—

Resolved, That the thanks of this meeting of the stockholders in the Southern Pacific Railroad are due, and freely given, to Dr. J. Fowlkes, President of the Southern Pacific Railroad, for his untiring and faithful and energetic labors in behalf of the stockholders, and for the satisfactory report which he has this day made.

On motion of Jacob Swigert—

Resolved, That the stockholders of this meeting be requested to subscribe for the Texas Republican, published at Marshall, Texas, and edited by R. A. Loughry.

[This paper has been an able advocate of the interest of the stockholders, and will give the earliest information of interest. Price $2 50 per annum. Messrs. Burkhardt, of Louisville, agents.]

On motion of Col. Williams—

Resolved, That this meeting adjourn *sine die*.

JAMES GUTHRIE, Chairman.
JAMES SHANNON, Secretary.

REPORT OF THE COMMITTEE.

In pursuance of the resolutions aforesaid, it becomes our duty to appeal to the stockholders of the Southern Pacific Railroad Company, and to urge them to come promptly to the rescue in vindication of their own rights, and in furtherance of a great national work, undoubtedly the greatest of the age. The manly and straightforward report of Dr. Fowlkes shows that the whole liabilities of the company, so far as is known, do not exceed $165,000, whilst the expenditure of $5,000 more will complete what is wanting of 25 miles of railroad. We invite attention to the following extract from his report:

Until 50 miles be graded, and the iron laid upon 25 miles of the road, the company is not entitled to the loan of $6,000 per mile under the loan bill of Texas. With an expenditure of some $3,000 the iron can be laid upon the 25 miles, it being already laid upon 20 miles, with 5 miles more graded and with cross-ties ready for the same; the remaining section of 25 miles can be graded and ironed for less than $400,000. Of this sum $300,000 will be received from the State of Texas under the loan bill. Upon the completion of 50 miles of the road, the company will owe a debt to Texas of $300,000, and to the stockholders of not exceeding $200,000 for a loan; possessed of a road worth $1,500,000, with the land grant of 512,000 acres, worth, at a low estimate, $3 per acre—$1,536,000. The stock of the company being $3,120,000, and the debt of the company only $500,000, rendering the stock outstanding worth, were the road stopped at this point of construction, some 85 per cent.; and when the company shall have constructed 100 miles, which can be easily done in 18 months, the stock will be worth above par, notwithstanding the extravagant and wasteful expenditure in the past, with the just expectation of receiving aid from the Federal Government to establish a line of inter-oceanic communication, aside from the pecuniary considerations suggested. These facts may well inspire the patriotic exertions of our stockholders and the country to make every reasonable sacrifice to rescue this work from its troubles and to co-operate with Texas in speedily constructing the road.

At the term of the court which commenced yesterday, a large amount of judgments will be taken vs. the company. They must be satisfied, and the creditors must be paid off, or the company will be sold out and must fall into the hands of creditors or others, thus sacrificing your rights; all of which may be prevented with the inconsiderable advance of not exceeding, in my opinion, $200,000.

It is not desired that this amount shall be paid over to the company at present—indeed at any time—but be provided at the principal cities most convenient to the stockholders, and placed in the hands of such persons as they may confide in, to be applied after a compromise shall be effected with "the new company" and the creditors, or used by such agents as shall protect your interest, under such restrictions and general directions as shall be adopted by this meeting.

The stockholders will thus perceive that, by meeting the present emergency promptly, they have it in their power to regain and establish on a firm basis their rights now in jeopardy, and to carry on to a speedy completion the greatest work of the age. Prompt and united action is all that is necessary. Whilst present neglect for a short period must inevitably result in the total loss to them of their entire interest in this great work. Let the delinquent stockholders pay up, while the opportunity is kindly offered, their instalments past due, and from the obligation to pay which they cannot be released, and let all promptly place in the hands of a trustee of their own choice the inconsiderable amount called for, to be used only in the protection of their own rights, if necessary for that purpose, and if not so needed to be returned in a short season into their own hands.

Should any, in this emergency, hold back from the protection of their own interests, and the work have, on that account, to be sold legally, and pass into other hands, they will have none to blame but themselves. Prompt and general action will secure all. The delay of a few weeks will inevitably result in the total loss of this great interest to its present owners. We invite the special attention of those interested to the following letter from Dr. Fowlkes, received by the committee, in answer to their inquiries on that subject.

We are fully satisfied that the utmost confidence may be reposed in the pledges thus given, and that every pledge will be fully and honorably redeemed.

It will at once be seen that the letter fully sustains the high compliment paid to Dr. Fowlkes at the public meeting on the 24th ult., by the honorable chairman, and the *unanimity* by which all the proceedings of the meeting were conducted.

Prof. J. H. HARNEY, JAS. SHANNON, Esq., AND Col. L. A. WHITELEY, *Committee of Stockholders' Convention, Louisville, Ky:*

GENTS: In reply to the inquiries made, I frankly repeat what I said in my report to the stockholders assembled in this city on the 24th inst, viz: That the Southern Pacific Railroad Company *must* pay off its debts, or its creditors will sell it under executions, and "the purchaser or purchasers at such sale, and their associates, shall be entitled to have and exercise all the powers, privileges, and purchases granted to said company by its charter, or by virtue of the general laws of this State; and the said purchasers, and their associates, shall be deemed and taken to be the true owners of said charter and corporators under the same, and vested with all the powers, rights, privileges, and benefits thereof, in the same manner, and to the same effect as if they were the original corporators of said company, and shall have power to construct, complete, equip, and work the road upon the same terms and under the same conditions and restrictions as are imposed by this charter and the general laws of the State."

See Sec. 5 of the act regulating railroad companies of Texas, passed 19th December, 1857, expressly to cover this case. I quote the law.

The stockholders of the Company must provide the means for *the present relief* of the Company. Those who have not paid their instalments, must pay up, or lose all their stock. This is inevitable. *I pledge myself to do all I can to prevent a sale and protect all the stockholders!* But, if this cannot be done, and the road must be sold, duty to myself and friends compels me, from the large interests which I hold, as well as those held by my friends, to unite with those who may have the means, and who are willing to unite and purchase the road. This is my *only* alternative, unless the stockholders themselves will promptly meet the present exigency. But, to *the extent of money paid in* by the stockholders, as well as advances made by those who hold stock upon which no instalment is due, and who now come to the rescue, they shall be protected *pro rata*, and enjoy equal advantages with myself and friends, according to the amount paid by them respectively.

My determination is fixed and immovable, to the utmost of my ability, personally and officially, to secure and protect ministers of the gospel, literary institutions, widows, and orphans, whether they are able to make advances or not; and, in the event of a sale they shall have the benefit and value of the stock which they now hold. This I deem just and equitable, and it shall fully and faithfully be carried out, in case a sale of the road shall become unavoidable.

There are some persons, who hold *large* amounts of stock, who have paid but little money for it. These cannot hope for protection, unless they come up to the rescue, and aid in saving the road from being sold. Unless they do this, the *small* stockholders cannot be expected to consent to be burdened for this protection.

I trust, gentlemen, that I have satisfactorily answered your inquiries.

It may be proper to state that the advance of the fifty cents per share will be considered as a loan, and those who contribute it can have either stock of company which has been forfeited, or receive a note of the company for the same, payable to the holder as soon as the company can do so.

Very respectfully, your obedient servant,
JEPPTHA FOWLKES, President.

We repose implicit confidence in the foregoing statements and pledges, and respectfully urge the stockholders everywhere to act promptly in this business, and thus not merely secure their own interests, now in jeopardy, but also aid in the speedy completion of the greatest work of the age.

Subsequent to the meeting of the 24th, it was ascertained that A. D. Hunt, Esq., declined to act as trustee. A meeting of the stockholders was immediately called for the 28th, and the following proceedings had:

SOUTHERN PACIFIC RAILROAD.

At a called meeting of the stockholders of the Southern Pacific Railroad, held in the Masonic Temple, at 11 o'clock, A. M., on Saturday, the 28th inst., the Rev. Mr. Browlow, of Knoxville, Tennessee, was called to the chair, and James Shannon, L. L. D., of Missouri, was appointed Secretary.

On motion of J. H. Harney, seconded by D. R. Poignard, the following resolution was passed unanimously:

WHEREAS, A. D. Hunt, Esq., has declined to accept the appointment offered him by the meeting of the 24th inst.; therefore,

Resolved, That a committee of five, any three of whom shall be a quorum, be appointed, who shall have power to appoint a trustee of the fund to be contributed; and that said committee shall call a meeting of the stockholders, giving ten days' public notice, when satisfied that a sufficient fund is contributed to relieve the Southern Pacific Railroad Company from its present embarrassment; or, satisfied that it cannot be raised; and that said meeting shall have power to order the funds in the hands of the trustee to be paid over to the President and directors of the Company or returned to the contributors.

James Trabue, Joseph Monks, T. B. Overton, Jacob Swigert, of Frankfort, and George Williams, of Paris, Ky., were appointed that committee.

On motion, the meeting adjourned.

W. G. BROWNLOW, Chairman.
JAMES SHANNON, Secretary.

The committee appointed under this resolution have performed the duty assigned them, and have happily secured the services of Mr. E. H. Lewis, Esq., of the Jefferson Savings' Institution, of this city, who will act as trustee of the fund to be contributed in accordance with the resolutions preceding. It will be seen that the fund remains in the hands of trustees, subject to the order of the stockholders themselves, and there is therefore no danger of any misapplication of the funds raised. All of which is very respectfully submitted.

J. H. HARNEY,
JAMES SHANNON, } Committee.

Letter from Lexington.

LEXINGTON, KY., Aug. 28, '58.

MESSRS. EDITORS: Circuit Court is still in session in this city, and is sending her full share of convicts to serve in Jerry South's spacious mansion, for a term of years varying from two to six. Four convicts were shipped this afternoon for headquarters, and there are some four or five yet to condemn. His honor, Judge Goodloe, thinks it will take the best part of the ensuing week to bring up the *rear* of business upon the ponderous docket, the larger part of which they have passed over.

The city presents decidedly a *dull* appearance, notwithstanding the weather is cool and the air quite salubrious. We are here for a short time upon business, and feel as much pent up as if we were in our own *dear little hamlet*, where we see but little, and, consequently, know but little of passing *events*. We expect, friend Harney, to rusticate considerably during the beautiful months of September and October, and will, if it is agreeable, endeavor to keep you and your myriads of readers posted in regard to passing events.

Since Prentice has proposed a union of all the different parties in order to destroy the National Democracy, we may look for something racy, in our own beautiful Commonwealth. I will, therefore, listen to *see* what I can *see* during the pending of this new movement, and report progress, or *digress*, as the case may be. Since the entire disbanding of the K. N.'s in this, their own former stronghold, we may reasonably expect something from the father of political heresies.

Yesterday evening a very angry cloud came from a northwestern direction, which proved very disastrous to many of our farmers, by tearing their corn asunder, throwing fences down, tearing up trees, &c., &c.

The health of our fellow-citizens is surpassingly good—no epidemic of any consequence.

From your occasional correspondent, D.

☞ On last Friday a serious accident occurred on the Cleveland and Erie railroad, about forty miles west of Erie. The Cincinnati Gazette, thus states the accident:

The rain which was falling at the time, had caused some slides of gravel and sand over the track, in various places. The engineer dashed through two of these safely, and at 3½ o'clock P. M., came to one at the spot where the accident occurred, and attempted to pass it in the same reckless manner, but was not so fortunate in getting through. The locomotive ran off the track, taking with it the tender, two baggage cars and one passenger car, which were totally wrecked. They piled up in a heap by the side of the track, an indistinguishable mass of ruins; or, as one of the passengers said, "smashed into kindling wood." Another passenger car was badly broken, but can be repaired.

The engineer was found under the ruins of the "tender," and though at first supposed to be dead, was taken out alive, and is in a fair way to recover. The second engineer was also badly scalded.

The engineer on being taken out said, "why, I went through two such slides, I don't see why the thunder I couldn't get through that."

Ten of the passengers were more or less injured—two of them so seriously that our informant thought they could not live.

In consequence of this accident the passengers were detained there nearly nine hours. The conductor immediately telegraphed for a train, which came up promptly with laborers to clear away the wreck, but it was 12 o'clock at night before they left the scene of the accident. The injured passengers had every attention, but four of them were so bad that they had to be left at Cleveland, for medical attendance.

The officials on the road did everything in their power to conceal the knowledge of the accident from the public, and when asked at Cleveland about the detention, denied that any accident had happened. For this reason the Cleveland papers learned but little about it.

The above statement is derived from a gentleman of this city, who was a passenger on the train, and may be relied on as correct.

CHARLIE'S EXCHANGE.

THE OPERA TROUPE.—At the time of writing this notice, we have not heard Mr. Swan—who was engaged in place of Mr. Wharton—though we judge not to fill exactly the same position. He is called a *basso* while Mr. W. was a *baritone*. It was a bad movement on the part of the troupe, to let Mr. Wharton go: while he was somewhat stiff and uneasy in action, and rather diffident before an audience, yet he possessed a fine, mellow, rich, well-managed baritone voice; one which could, when occasion called, run up into the tenor or down into the basso without falter or break. It was a voice, too, which at once took possession of your ear, and held it in pleasing durance during the execution of an entire piece. His greatest fault was his breathing; a fault, by the way, which is entirely too common among actors and musicians, male and female; but his execution, aside from that fault, was very good indeed.

Mr. Trevor, who is put down now as *primo buffo*, was last season considered tenor. In action he is unfortunately very ungraceful, in fact rather brusque, and in musical abilities not above medium. His voice is a light first tenor of medium power, and of rather poor quality. It is generally from one quarter to one half tone flat, and he seems to lack the ability to correct it. It is rather difficult to give its proper place; it is not exactly harsh, but very far from smooth; it is not clear, nor yet very husky and dry; it is not even and smooth, nor yet very uneven; he has unfortunately a slight impediment in his speech, which is apparent in singing to a close observer, but which his strongest tones overcome. At times he throws considerable spirit into his action; but does not seem able to throw it into his voice. He does not properly interpret his composer, nor enter into the character. He is always Mr. Trevor—the same in every character. His vocalization would not prove unacceptoble in a dramatic company, where we do not look for musical ability, but is not such as to qualify him for second tenor in an English operatic troupe, professing to be the best that ever traveled.

Mr. Arnold, who is set down as *secondo basso*, possesses the only basso voice in the entire troupe. We have not heard him sufficiently to analyze his voice, but in the small parts given him he has thrown out sufficient specimens to show that his voice is in its general character of good quality, very considerable power, and under pretty fair command.

Mr. Saurin we have not heard, or if we have, do not remember his voice.

Of the chorus, it is hardly worth while to speak. There are, we believe, but two or three male and two female voices that participate at all, and it is impossible to hear them.

Mr. Rieff, the leader of the orchestra, is a very young man, whose talents and attainments appear to be of a superior order, but we think he has been advanced to the position a little too soon for his own good. The principal point in which Mr. Rieff errs is the management of his accompaniment. The orchestra, when the vocalist is on the stage, should be his support, not his leader. It should second his efforts, and not overwhelm them with noise. Mr. Rieff appears to lose sight of this fact, and carries his accompaniment through, faithfully, in most cases, to the composer's directions; but appears to forget that when the composer writes *ff* for a strong voice, or full chorus, he expects it to be tempered down, when the voice or chorus is too weak, leaving that matter entirely to the discretion of the leader.

FRA DIAVOLO.—The music of this opera is comparatively easy of execution, not requiring superior talent to render it respectably. Its scenes are so arranged with stirring incident, that the music almost comes spontaneously. The manner of its presentation, Wednesday evening, was pretty fair. The orchestra was somewhat increased in numbers, and gave the overture in good style—with the exception of the drum, which was a little too fierce for the other instruments. Miss Durand, as Zerlina, was in better voice than on Monday evening, and sang generally in better style. Her performance in the quintette, "Give us Help,", was fresh, spirited, and generally good; her rendition in the song, "On Yonder Rock," was well acted, but poorly sung. In the remainder of the first act, and all of the second, except the finale, she sang and acted without serious fault or defect, but fell through in the finale. In the third act, conclusion, she still sang and acted with spirit, but her voice wore badly, and gave way.

Miss Hodson's Marquis was quite pleasingly given as an entire performance. Some of her songs were well sung, others only so-so. The barcarole was sung with spirit, and as appropriately as a woman could sing it. The serenade, "Young Agnes," was much the best part of her performanee, but still lacked the masculine element to give it proper force.

Miss Ada King's Lady Allcash, though a minor character, was, in the main, a lady-like personation, and appropriate. Her part in the duett, "I don't object," was sung with spirit and feeling, though she appeared to be a little flurried, as she did also in the quintette preceding; she appeared to advantage in the subsequent scenes, and gave proof that she has, as we have already remarked, a very pleasing voice under pretty good command.

To Mr. Lyster's Lord Allcash we decidedly object. Lord A. is not a cockney nor a clown. Mr. L. made him the former nearly all through, and, when not a cockney, then a clown. The character is that of a self-conceited, because rich and titled, but, at the same time, bluff, surly, and bull-headed, beef-eating Englishman, who has sufficient vanity to be pompous, but enough good sense to keep his pomposity from running into cockneyism or clownishness. In the duett, "I Don't Object," he sang with rather more spirit and in better voice than usual, but throughout the rest of the opera, or the greater part of it, he fell off sadly in voice and manner. In one of the choruses he was guilty of a sort of mumbling that was exceedingly discreditable. His voice was at times overpowered by the other parts and the orchestra, but that was not so much his fault as his misfortune. Mr. Trevor's performance of Lorenzo was tame and uneasy; still he labored with rather more spirit than usual. Mr. Arnold, so far as he had anything to do, did it well. Mr. Swan, whom we then saw and heard for the first time, was rather out in his conception of the character of Beppo. He made it half brigand, half clown, strangely intermixed. His voice is a baritone of fair quality, and some power, but we are scarcely yet justified in giving it a proper classification, as we have not heard enough of it. The chorus was weak, and might as well have been dispensed with, except that the presence of ten or fifteen persons on the stage added somewhat to the appearance. The principal characters had to do all the singing.

Il Trovatore is up this evening for Miss Hodgson's benefit.

Manufacturers and Dealers in Furniture.

We invite the attention of dealers in furniture, and also house-keepers, and others desiring any article of cabinet work to the conspicuous advertisement of Messrs. John M. Stokes & Son in our columns this morning. These gentlemen manufacture largely all descriptions of furniture, from the most costly and elegant rosewood and mahogany parlor sets, to the substantial and useful articles to suit the wants of every-day life. Their extensive establishment keeps under constant employ a large working force at all times; and their furnishishing rooms and sales rooms, present such a variety of furniture as is seldom to be found in the country. Enjoying every facility in business, and with many years experience in their line, they are enabled to offer to purchasers rare advantages. In style, durability and cheapness, this house cannot be excelled, and we advise every one who wishes to outfit or replenish their stock, to call upon Messrs. John M. Stokes & Son.

Clothing Establishment.

In our columns we publish a notice of the dissolution of the old clothing firm of Smith & Whaley. Mr. Smith retires from the concern, and Sherman P. Whaley will continue the business of the house on his own account. This house, on the northeast corner of Third and Market, has long been a leading emporium of fashionable ready-made clothing. Mr. Whaley will abate nothing of his efforts to accomodate the old sustomers of the house, and is charged with the settlement of the firm business.

MUSIC HOUSE.—Among the music houses of the West, we know of none that engages more largely in the publication of choice music than that of D. P. Faulds & Co., of Main street, in this city. The firm is an energetic, enterprising one, which allows no opportunity to slip of placing before the public, from their presses or those of others, the latest and best publications. They have on hand at this time, besides a full and excellent assortment of sheet music and musical instruments, quite a number of the best and most popular operas published in this country and abroad. Those in need of music or instruments will be pretty apt to find what they want at this establishment.

A FIGHTING WOMAN.—Dr. Wilkins was called yesterday morning to dress an ugly wound in a man's shoulder, received in the following manner, as nearly as we could learn the circumstances: He was a deck-hand on the Superior, and asked another man, supposed to be a deck passenger, to hand him a drink of water The reply was a curse and an epithet. The deck-hand then knocked the other down, when the woman out with a knife and struck a savage blow, cutting an ugly gash in the shoulder. The wound was serious though not dangerous. The woman was supposed to be the wife of the passenger. No arrests were made so far as we could learn.

The Kentucky Mechanics' Institute.

The sixth annual exhibition of the Kentucky Mechanics' Institute will commence on the 14th inst. The committee are industriously engaged, and ask the co-operation of all who feel an interest in the welfare of the city, to join them in their endeavors to make this exhibition as interesting and extensive as possible. Every manufacturer in the city should contribute something in his line—some specimen of the handiwork of his establishment, and thus increase the variety and extent of the exhibition. The Mechanics' Fair is a city item of vast magnitude, and one in which we should all feel an abiding interest.

TRUNKS, VALISES, CARPET BAGS, &c.—We refer our readers to the advertisement in this morning's issue, of our friend J. H. McCleary, manufacturer of, and wholesale and retail dealers in trunks, bonnet boxes, valises, carpet bags, &c., corner of Fourth and Main streets, under the National Hotel. Those in want of good trunks, either for themselves or friends, cannot buy them at a cheaper house, or better made, than they can be had at the above place.—Country merchants visiting the city, will find at Mr. McCleary's one of the largest stocks of trunks, valises, &c., to be found in the Southwest, and a little lower in price. Give him a call, all who wish to buy a good article at a fair price. Mc. is a clever gentleman, and deals on the square with all.

THE OYSTER SEASON COMMENCED.—Mr. McLaughlin, at the head of the oyster trade in this city, informs us that he is now receiving, daily, by that old and reliable express of Adams & Co., fresh oysters, every twenty-four hours, from their native element. Those who are fond of enjoying themselves with this delightful luxury, will find them on sale at his establishment, No. 62 Third street, between Main and Market.

CHOICE LIQUORS.—Messrs. R. A. Shrader & Co., wholesale and retail liquor merchants, on Market street, north side, between Brook and Floyd, keep a fine assortment of choice liquors. Their old Bourbon, and apple brandy, is as fine as this market affords. Those who are in search of a genuine article should give them a call. They are clever gentlemen, and will furnish just such liquors as they represent them to be. Let judges test for themselves.

WANTED.—A few more water-melon wagons on Third street, between Market and Jefferson, to water the street, and keep the sidewalks well paved with rinds. It will enable us to dispense with the water carts, and save the wear and tear of the bricks in the pavement.

☞Our readers will remember that Mr. C. C. Spencer sells a large lot of furniture, pianos, guitar, and sewing machine, this morning, at ten o'clock. We advise all to attend, and get bargains.

☞ See the removal card of M. Dyts; he has removed his tailoring establishment, from No. 480 Market street, to the old Post-office building, Third street, where he will be prepared in a few days to make up coats, pants, and vests &c., in good style at low prices.

POSTPONED.—The races which were to have been run yesterday at Oakland, were postponed to an indefinite day, on account of the rain. The entries were between Travis and Green, for a purse of $500

☞ Third street bridge is becoming dangerous to cross; some of the braces are knocked loose, the flooring is very much worn, and there are two or three holes in it large enough to admit a horse's leg. It should be repaired immediately.

FINE CIGARS.—Our neighbor Diller has just received a large assortment of the finest imported cigars we have seen in many a day; they are of several different brands, and are well worthy the attention of smokers.

☞We understand the sitting for a life-size photograph, at Harris's Gallery, is reduced to five to eight seconds.

☞We observe of late a wonderful rise in bread—not in the price, but that caused by the use of Hurley's celebrated quick yeast. Try it.

☞Promenade concerts are among the fashionable amusements in the eastern cities.—They were once in vogue in Louisville.

STORM AND FIRE.—About ten o'clock last night a very heavy storm of thunder, lightning, and rain came up, which lasted at intervals till after midnight. At times the flashes of lighting and peals of thunder were terrific; the streets were flooded with water. In the midst of its greatest fury, about twelve o'clock, a fire broke out on Breckinridge street, between Third and Fourth, in the frame kitchen attached to the residence of Policeman Robert Seay; the fire was soon extinguished without much damage. The supposition is, that the building was struck with lighting.

☞To those suffering with chills and fever, it will be a blessing to know that this exceedingly troublesome and protracted affection may always be safely, speedily, and effectually cured by Farr's ague tonic, or quinine substitute.

☞In Cincinnati, Wednesday night, a woman of ill-fame, named Fanny French, shot her lover, so that it is supposed he cannot live. His name is Develin.

☞ We learned yesterday that our bankers were checking on the east at par.

Financial.

WEDNESDAY, Sept. 1.

The Nashville Union, of the 1st instant, says:

We understand a dispatch was received yesterday from Mr. M. D. Davie, President of the Bank of America, stating that the bank had not suspended, and that it would not suspend. The notes of the Bank of America are received at par by Messrs. A. Wheeless & Co., brokers, the Merchants' Bank, and we believe the Traders' Bank. The Union Bank, which was the agent of the Bank of America here, does not take its notes now, nor did any other bank in the city yesterday, except those mentioned.

A gentleman whose position enables him to speak advisedly, assures us that the Messrs. Davie & Co. have not disposed of their interest in the Bank of America. They own the larger portion of the stock of the bank, and are men of great wealth, and they can make its issues good, as we have assurance they will, in the dispatch of the President.

The Southern Bank is "flat." Nobody will take it at any price.

CHILLS AND FEVER.

HUGHES'S TONIC IS, BEYOND A doubt, one of the most speedy, safe, and reliable remedies now in use for the permanent cure of Chills and Fever. We invite the attention of the public to the following, from Bullitt county, Ky.:

MT. WASHINGTON, KY., 1858.

We have tried Hughes's Tonic, and find it to answer all the purposes for which it is recommended by the proprietors. We have fully tested it on our own persons, or in our families, and its success has been such as to justify us in recommending it to our friends and others as an important and successful remedy in Chills and Fever.

MORE TO BE ADMIRED THAN THE

RICHEST DIADEM

EVER WORN BY

KINGS OR EMPERORS,

What? Why a Beautiful Head of Hair.

BECAUSE IT IS THE ORNAMENT *God Himself provided* for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh and dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is *the celebrated Pianist, Thalberg*:

NEW YORK, April 19, 1856.

DR. WOOD:—*Dear Sir*: Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

I am, dear sir, yours truly, S. THALBERG.

"Drych a'r Gwyliedydd."

WELSH NEWSPAPER OFFICE, 13 Nassau st. April 12, 1858.

PROF. O. J. WOOD:—*Dear Sir*: Some month or six weeks ago, I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair. CHARLES CARDEW.

NEW YORK, July 25, 1857.

PROF. O. J. WOOD:—With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative, my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely. J. G. KILBY.

PROF. WOOD:—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grow out, and turned back to its former color (black). At this time it is fully restored to its original color, health, and appearance, and I cheerfully recommend its use to all. J. D. HOES.

Chicago, Ill., May 1, 1857.

The Hair Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, forty per cent. more in proportion, and retails for $3.

At Memphis, Tennessee.

SOUTHERN PACIFIC RAILROAD MEETING.

A GENERAL MEETING OF THE Stockholders of this Company, will take place at Memphis, Tennessee, on Monday, the 15th of September, 1858, at which a full report of the state of things in Texas will be made, and of the proceedings of meetings in Louisville, Cincinnati and St. Louis, New York, and elsewhere; and of the plans of the Company to relieve the enterprise from its present difficulties. Matters are now just in a condition that the friends of the Road can protect *bona fide* Stockholders, vindicate the rights of the Company, and rescue it beyond doubt from existing difficulties. A general turn out of Stockholders at Memphis is desired, and vigorous and unanimous action—such as may be had there, backing up the meetings already had will doubtless save the enterprise, restoring confidence, so that the work may progress. Mortality Among Southern Children.

IT is estimated that, in the Southern States, more children are carried off by worms, and the diseases arising from them, than by all other maladies combined. *Post mortem* examinations of the young too frequently reveal the terrible ravages of these insidious enemies of health and life. It is, therefore, only an act of common philanthropy to recommend, with all earnestness, a preparation like

WINER'S CANADIAN VERMIFUGE,

Which has proved, in many thousands of cases, an immediate, safe, and radical cure for every kind of vermicular disease.

Be careful and remember the name—"Winer's Canadian Vermifuge," the only thing that can be relied on. Remember this.

Fistula in Ano Cured in Eighteen Days.

I KNOW THIS TO BE TRUE, because it is my own case. I have been for a long time afflicted sorely with this abhorrent disease. The best medical aid had been employed to no useful purpose. I met with Dr. Price of this city, and told him my condition. After examination, he told me he could cure me, and I consented to making a trial, and he did so. He has used no knife, no ligature; nor has he used any other agonizing astringent means. In eighteen days I am well. I can be found at my house of business, on Market street, where all who seek further information can see me.

Family Sewing Machine!

No. 101 FOURTH STREET,

BETWEEN MARKET & JEFFERSON,

LOUISVILLE, KY.

WE OFFER TO THE PUBLIC WHEELER & WILSON'S IMPROVED SEWING MACHINE, with increased confidence in its merits as the best and most reliable Family Sewing Machine now in use. It sews equally well on the thickest or thinnest fabrics; makes the lock stitch, impossible to unravel, with the essential advantage of being ALIKE ON BOTH SIDES, forming no ridge or chain on the underside; is simpler in construction, more speedy in movement, and more durable than any other Machine.

We give full instruction to enable purchasers to sew ordinary seams, stitch, hem, fell, quilt, gather, bind, and tuck, all on the same Machine, and warrant it for three years.

Pictures for Seven Cents!

AT THE STAR GALLERY, NO. 72 Fourth street, you can get an Ambrotype made on a Glass Plate, two by two-and-a half inches, for SEVEN CENTS; the same, with the usual Brass Trimmings, for FIFTEEN CENTS; and with Case, for TWENTY CENTS; or, for TWENTY-FIVE CENTS, you can get a Glass Photograph, secured between Two Glass PLATES of the above size; and without Case, for TWENTY CENTS. Put up in the style of the Star Gallery, and examined by scientific Chemists, they will unhesitatingly be pronounced more durable than the best Oil Colored PHOTOgraphs; and, without Cases, are just the very thing to make up a handsome Family or School Collection, to be arranged on velvet or other fancy ground, and suitably framed to hang up.

7

Pictures of all kinds are gotten up and sold with as fine Frames and Cases as the market affords, the prices of which range from one to two hundred per cent. lower than persons have been and are charged for the same, and then had to lay their Pictures aside and come to the Star Gallery to get a Star Picture put into their already dear-purchased Case.

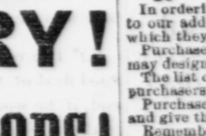
MEDICAL.

Private Medical Dispensary.



DR. GATES HAS the pleasure of announcing to the public that he has taken the office formerly occupied by Dr. King, and permanently located in Louisville, Ky., where he would call the attention of those afflicted with Diseases of a private or confidential nature, to the new method of treatment as practiced in the English and French Hospitals. Having for several years made this class of diseases a *specialty*, with the knowledge he has of them, warrants him in saying that there is no form or symptom which they assume that is without a quick and permanent cure. Dr. G.'s mode of treating these diseases is entirely new, having never been adopted by any other Physician in this country.

YOUNG MEN—Who, by indulging in solitary habits have contracted that mind-harrowing and body-destroying disease, seminal weakness, which leads to the most alarming and fatal consequences, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

TO THE LADIES.—Dr. G. is agent for M. La Craux's French Preventive Powders, by which those who, from any cause, deem it necessary to avoid conception can do so, without incurring danger to health or constitution, price $2. Also, agent for Madame Caprani's Female Monthly Pills, a safe and effectual remedy for Irregularities, Obstruction, &c.; price $1. CAUTION! These Pills should not be taken during Pregnancy, as they are sure to produce miscarriage. The Pills and Powders sent by mail to any part of the country.

Persons at a distance may be cured at home by addressing a letter, stating case, symptoms, length of time the disease has continued, and have medicine forwarded, free from damage or curiosity, to any part of the country, with full and plain directions for use.

Letters asking advice, also orders for pills or powders, must contain a postage stamp.

Consultation may be held from 8 A. M. to 9 P. M., at his office, northeast corner Third and Market streets. Private entrance on Third street, Louisville, Ky.

☞ Secrecy inviolable! Don't forget the name and number. All letters should be addressed to H. GATES, M. D., Louisville, Ky.

DOCTOR HOOFLAND'S

CELEBRATED

GERMAN BITTERS,

PREPARED BY

Dr. C. M. JACKSON, Philad'a Pa.

WILL EFFECTUALLY CURE LIVER COMPLAINT, DYSPEPSY, JAUNDICE, *Chronic, or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a Disordered Liver or Stomach.*

Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity on the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying Posture, Dimness of Vision, Dots of Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, &c., &c., &c.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well-known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

TO CONSUMPTIVE INVALIDS.

DR FLOWER,

GRADUATE OF THE CITY UNIversity of New York, Associate of the late Professor and Lecturer to the Hunterian Institute, and Hospital Physician, London, England, has taken rooms at the corner of Green and Center street (east side of the First Presbyterian Church), Louisville, Ky., where he may be consulted daily for Consumption, Asthma, Loss of Voice, Bronchitis, Chronic Cough, and Pulmonary Irritation; also for Dyspepsia and Female Complaints, Chronic Diseases, and all affections connected with or predisposing to Consumption.

Dr. Flower wishes it distinctly understood that although he considers Consumption a curative disease, and treats it as such, he does not pretend to cure those who have neither lungs nor constitution left. He would also add that he is accustomed to tell those applying their real situation, and none need apply who are unwilling to learn the truth. A *curative* treatment will of course only be undertaken in cases where there seems some chance of remedy. Where there is none, the treatment must be purely palliative.

The *treatment* employed is the *breathing of Medicated Vapors into the Lungs, thus producing an action at the very seat of the disease*, combined with constitutional remedies, which are safe, prompt, and effective. As Dr. F.'s stay is limited to Sept. 7th, all who intend to consult him should do so at once. For the last six years Dr. F. has devoted his entire time to the treatment of the above diseases.

☞ No charge for consultations, by letter or otherwise, or a pamphlet explanatory of his treatment, and which can be obtained at his room. Office hours from 9 to five daily. jy1 dw&3ins

On and after Monday, July 12, 1858, trains on the Jeffersonville Railroad will leave Jeffersonville, opposite Louisville, at 6:30 A. M., 10:50 A. M., and 10 P. M., daily, Sundays excepted.

Close connections made by the 10:50 A. M. and 10 P. M. trains at Seymour, with trains on the Ohio and Mississippi R. R., for St. Louis, Mound City, Cairo, Jefferson City, Kansas, Quincy, and Keokuk.

The 6:30 A. M. and 10 P. M. trains run through to Indianapolis, and form close connections with trains on the Terra Haute, Lafayette, Peru, Bellefontaine, and Indiana Central Railroads, for all the principal cities in the East, West, and North.

The 6:30 A. M., 10:50 A. M. and 10 P. M. trains connect at Seymour with trains on the Ohio and Mississippi Railroad for Cincinnati.

The 10 P. M. train on Saturdays only goes to Seymour, where connections are made for Cincinnati and St. Louis.

One train on Sunday, at 10 P. M., running through to Indianapolis, connecting at Seymour for St. Louis and Cairo, also Cincinnati and the East, and at Indianapolis for the principal cities East, West, and North.

Only one change of cars between Louisville and Cincinnati, St. Louis or Chicago.

Baggage checked to all the principal cities. All changes of cars made by trains running into the same depots, thereby avoiding annoying Omnibus rides incidental to other routes leading from Louisville to the West and Northwest. Time as quick and fare as low as by any other route.

Through tickets and further information given at the Company's Office, No. 527 southeast corner of Main and Third streets, Louisville, Ky., or at the depot in Jeffersonville. dtf

THE DESIDERATUM SO LONG needed—a good Sewing Machine, at a LOW PRICE—is attained in the Nettleton and Raymond patent. This is a two thread machine, of remarkable simple construction, and does the same work as the best $100 machines, yet it is afforded at the low price of

$30.

The stitch is the best made by machinery, and is superior to the best hand-sewing. It is elastic, and therefore not liable to break by any strain in washing or otherwise. Every fourth stitch may be cut and the sewing will still hold. The machine sews from two common spools, and for speed is not surpassed.

River Intelligence.

RIVER AND WEATHER.—The river is still falling very slowly, with two feet three inches water by the mark in the canal. Boats drawing three feet can still work their way through. Yesterday about noon, a thunder storm came up, accompanied with rain, which lasted an hour. The afternoon was cloudy, but not unpleasant.

BUSINESS.—The Superior, from Cincinnati, brought in 156 cases boots and shoes, 16 bxs tea, 11 cases paint, 75 kgs soda, 1 chest, 55 cases, and 26 bbls drugs, 13 casks lead, 44 kegs lead, and a lot of dry goods. Returned with a very good trip.

The Time, bound for Tennessee river, got aground on Portland bar, Wednesday evening, but succeeded in getting off in about an hour.

The New Albany ferry-boat got aground Tuesday evening on Rudder bar, and stuck about half an hour.

MEMORANDA.—Steamer Mary Cook left Cairo on Monday, the 30th of August. Met John Tompkins at Golconda; passed Lady Walton aground; Arkansaw Traveler aground at the foot of Cumberland; met Potomac at Ford's ferry; Lehigh hard aground at Caseyville; J. H. Done aground at Slim Island; Atlanta, Tempest, Anglo-Saxon, and four others, aground at Scuffletown; Key West aground at Anderson's bar; Fred Tron laid up at the foot of Flint Island; Ella and Economy aground at Peckinpaw's; met an unknown boat above; met Time at Amsterdam; passed R. M. Patton aground at Haunted House; met John Gault at Mockport; met Poland at Salt river. Lost eighteen hours by fog.

☞The Cincinnati Gazette of yesterday says:

The weather yesterday was delightful, warm, with cool breezes at intervals, which was quite refreshing. Business on the levee was more brisk than for several days past. The steamers in the regular lines all came in with as much freight and as many passengers as they could conveniently carry, and escape detention on the numberless bars, which are so prominent about these days. The river has undergone no material change since our last report. There was a rise above Portsmouth of from four to six inches, caused by the late rains up the river, but it has not reached here yet, and when it does get down, it will probably make no perceptible difference, as regards navigation.

The Maysville and Portsmouth packets are doing a good paying business. The S. B. Hibbard came in yesterday with a heavy load of freight and a full trip of passengers. She left again at her usual hour, with a good trip for above ports.

We find the following particulars of the loss of the J. H. Oglesby in the St Louis Democrat of the 1st:

One of our finest Missouri river packets, the Jos. H. Oglesby, valued at about $40,000, has been sunk in the Missouri, the navigation of which stream is becoming more hazardous every day, from the steady decline of the water, and the rapidly accumulating snags.

The Jos. H. Oglesby started with a valuable cargo and a fair passenger list, last Saturday morning, and soon entered the Missouri, which may be very aptly named, in its present condition, the "slough of despond."

The boats which arrived from the Missouri, since her departure from this port, reported her as moving along finely, wherever the water was deepest, and it was confidently anticipated that she would effect a safe and quick run to her destination.

A dispatch from her captain was received yesterday at the office of the Western Wrecking Company, of the following tenor: "The Oglesby sunk, five miles below Glasgow, in twelve feet of water; lying straight, and I think she can be raised; no lives lost. Send a bell-boat."

It was rumored that another dispatch was received here, to the effect that her position was worse, and that her ultimate safety was very doubtful. At the very place she is reported to have met with the disaster, the Euphrase sank some years ago. She was never raised, and it is probable that the Oglesby, running rapidly at the time, came in violent contact with the wreck, and a tremendous hole was made in her hull, causing her to fill and sink almost instantly. Another struck a "break" there a year or two since.

We shall have full particulars to-day. The Oglesby was owned by Captain B. A. Oglesby and others, and is understood to be well insured here and in Louisville. The Submarine No. 8 will be dispatched to her assistance early this morning, and there is just enough water in the Missouri for that leviathan, which hardly ever fails to accomplish its object, even in the very worst cases.

Leaving To-Day.

FOR CINCINNATI.—Captain Sam Hildreth, with the General Pike, will leave for Cincinnati about 11 o'clock this forenoon.

TELEGRAPHIC.

Glance at the World.

NEW YORK, September 2.—The steamer Africa arrived at five o'clock this afternoon, with dates of the 21st ult.

The news of peace with China was received at London, Saturday, from China.

The announcement of the collision between the Arabia and Europa was received on the 20th.

A dispatch was sent to London from Newfoundland, and an answer received in two and a half hours.

The Jura arrived at Liverpool on Saturday evening.

The American horse Babylon won the Chesterfield Handicap at York.

A great dinner to the directors of the Atlantic Telegraph will be given at Killarney.

The Atlantic and Great Western Railway of Ohio and Pennsylvania negotiated a loan in England of $3,000,000.

The police at Paris are exerting a surveillance over arrivals.

Mazzini left London on Saturday.

Teas were unaffected by the news of peace with China.

ST. JOHN'S, September 2.—The Daily News says there is more simple dignity in the Queen's message, but great grasp of thought in the President's reponse, with perhaps a dash of ambitious straining after effect. The News also says that it would have been better for the President to have omitted the last paragraph.

The Times believes that the ocean cable will be a guarantee of perpetual peace between the two countries.

A rumor is gaining ground that the abdication of the King of Prussia will become absolutely necessary; his disease is getting worse. There are some fears that the event will hurry on a polictical crisis.

China.—The dispatch announcing the treaty of peace lacks positive confirmation, but is generally credited in Europe. It reached the French Government through the Embassy at St. Petersburg, where it arrived overland, being dated Lieu Sien, June 27—more than three weeks later than dates received in England.

ST. JOHNS, Sept. 2.—The steamer Pacific, from Galway, has arrived, with Liverpool dates of the 23d ult. The estimated sales of cotton on Monday were 10,000 bales. The market is firm; flour is quiet; provisions steady; wheat buoyant; corn dull; sugar quiet; turpentine spirits dull at 38@39c. Consols, 96¾c.

The corvette Preble left Cadiz on the 6th of August.

Bark Champion arrived at Gibraltar with the family of Stamback, the American Consul, recently murdered at Jaffa.

The President's message to the Queen is published in the London papers of the 23d, which criticise unfavorably the last paragraph.

The bombardment of Jeddah took the French government by surprise, but explanations were made in London to Pelissier.

LEAVENWORTH, August 29, per U. S. Express Company to Boonville.—Advices from Utah to the 7th of August were received.

The Sixth Regiment of Infantry is ordered to Benecia, California.

Colonel Canby, of the Tenth Infantry, with two companies of the Second Dragoons, and two companies of the Sixth Infantry, are to garrison Fort Bridger.

The following officers, on leave of absence, left Utah on the 6th: Colonel Cooke and Lieutenants Bufford and Pegram, of the Second Dragoons, Colonels Waite and Chapman, Captain Marcy, Lieut. Rich, of the Fifth Infantry, Colonel Alexander, Captain Gardiner, Gore Domisand, and Lieuts. Grover and Mainder, of the Tenth Infantry.

The mule board is still in session at the fort and will probably complete its labors this week. The prosecution will close to-morrow. Most of the evidence, so far, has been merely statements of parties who delivered mules there this year.

Major Sherman's battery leaves to-morrow for Fort Ridgely, Lieut. Dubarry, in command, being detained as member of the Board.

LEAVENWORTH, October 31, Per U. S. Express to Boonville, Sept. 2.—Salt Lake mail, with dates to the 7th ult., arrived. The election of the 2d passed off quietly. The Gentiles had an opposition ticket, but Mr. Osborne, of Green river county, was elected to the Legislature in Salt Lake county. The ticket received only 36 votes. The late appointments by Gov. Cumming, of Probate Judges, in Carson and Green River counties, caused some dissatisfaction among the Mormons, but all was quiet at the departure of the mail. Thirty soldiers deserted from General Johnson's command. Captain Tracy was on trial at Cedar Valley for insubordinate conduct to Col. Alexander. Col. Hoffman has been ordered to Oregon with the Sixth Infantry. The road from Devil's Gate to Bridger is strewn with cattle. Nine hundred cattle were met at Big Sandy, of which nine had died that day.

Col. Williams's command was met at Scott's Bluff.

The Seventh Infantry, consisting of 1,000 men, under Col. Morrison, is at Platte bridge.

The returning volunteers, under Col. Bee, were passed at Fort Laramie. But four Indians were seen. The rivers were low.

ALBANY, N. Y., September 2.—A collision took place last night on the northern railroad. A passenger car containing seventy persons was thrown off the track. One of the passengers was fatally injured, and forty others badly wounded.

WASHINGTON, Sept. 2.— C. J. N. Pine, editor of the Chicago Herald, has been appointed U. S. Marshal of the Northern District of Illinois, in place of Mr. Davidson, removed.

Commander Mason has been ordered to the command of the receiving ship Pennsylvania, at Norfolk, vice Tucker, deceased. Lieutenant Joseph N. Barney has been ordered to the Navy Yard, at Norfolk.

BOSTON, September 2.—The ship Junius, from New Orleans, lost two of crew by yellow fever, on her passage. The chief mate has been taken to the hospital.

NEW ORLEANS, Sept. 2.—The were forty-two deaths yesterday by yellow fever.

☞ All orders for sash, doors, blinds, boxes, moldings, flooring, shingles, and lathes, all kinds of lumber, pine, poplar, hemlock, joist, scantling, and all kinds of fencing, weather-boarding, &c., can be obtained at Alexander, Ellis & Co.'s manufactory and lumber yard, on Fulton street, just above Preston street, and at their lumber yard, corner of Walnut and Preston streets. All orders left at their warerooms, on Main street, nearly opposite the Galt House, will be promptly filled. aug4 dtf

VALUABLE PROPERTY AT PUBLIC SALE!

I WILL, ON FRIDAY, SEPT. 24TH, 1858, at 2½ o'clock P. M., offer for sale, on the premises, at public auction, for one fourth cash and balance in three equal annual payments, with interest, payable annually, and lien retained—87 ACRES OF LAND, adjoining the Oakland Race-Course. This Land will be divided in small lots to suit purchasers; is rich, and suitable for handsome country seats and gardening purposes. There are two entrances to the Land—one from the Seventh-street plank road, and the other from Fifteenth street.

And on MONDAY, October 4th, at 2½ o'clock P. M., on the premises—the handsome COUNTRY SEAT recently built and occupied by A. O. Smith, having 25 2-100 acres, and situated on the Shelbyville branch turnpike road, 2½ miles from the Court House. This is one of the handsomest and best improved places in Jefferson county. The House is a large double brick, having all the modern improvements (water, &c.) for comfort and convenience. The grounds are handsomely laid out with paved walks, and contain an abundance of shrubbery and fruit. Terms—1, 2, 3, and 4 years, with interest, payable annually, and good personal security on the first two notes, and lien retained on the property to secure the whole purchase money.

Also, at the same time and place, and on same terms—109 ACRES OF LAND, adjoining the above, in lots to suit purchasers.

Also, on WEDNESDAY, October 6th, at 3 o'clock P. M., on the premises, on a credit of 1, 2, 3, and 4 equal annual payments, with interest, payable annually, and good personal security on the first payment, and lien retained to secure the whole purchase money—a LOT OF GROUND known as "Rowland's Wharf," having a front of 467 5-12 feet on Fulton street, running back 528 feet to the river, and fronting 467 5-12 feet on the river.

Also, at the same time, on the premises, on the following terms: one third cash, balance in 1, 2, and 3 years, with interest, and lien retained, as above—75 FEET OF GROUND, on the south side of Fulton street, between Jackson and Hancock, running back 150 feet to an alley.

Also, at the same time, and on the same terms as above, on the premises—50 by 103 FEET OF GROUND, on the west side of Hancock street, with two Frame Dwellings thereon.

☞ A complete plat of the above Property can be seen at my office, and the Property shown to any one desiring to examine it before the day of sale.

AGUE AND FEVER OR CHILLS AND FEVER

SPEEDILY CURED BY

SMITH'S TONIC SYRUP!

THE ATTENTION OF DEALERS IN DRUGS AND MEDICINES, AND persons afflicted with Chills and Fever or Ague and Fever, is respectfully invited to this celebrated medicine, which has justly obtained a high reputation throughout the country, and for many years has maintained its superiority over all other remedies as a safe, certain, speedy, and permanent cure for Chills and Fever or Ague and Fever.

The public may rely upon the fact that it is entirely vegetable in its composition, and made from the best, purest, carefully selected reliable articles, and is always prepared by the proprietor in person, and therefore he can warrant it uniform in quality.

Its Diaphoretic and Alterative properties, combined with its great Tonic qualities, render it eminently superior to Quinine and other remedies as a general and popular remedy in all cases where a Tonic is required and proper to be administered.

It does not produce Headache, Giddiness, Buzzing of the Ears, or any of the unpleasant effects which so frequently attend the use of Quinine or other remedies, but may be given in all cases and under all circumstances whatever to Females, Infants, and all persons who are debilitated or have the most delicate constitutions, without the least apprehension of any injurious or even unpleasant effects.

Practitioners of medicine who have not prescribed it, and afflicted persons who have not used it, are respectfully invited to give it but a fair trial, and they will then be convinced of its great superiority over other remedies, and that it possesses all the virtues claimed for it.

It is not only perfectly safe and innocent in its effect, but in no case whatever has it been known to fail in curing Chills and Fever or Ague and Fever, whether of short or long standing, if the directions were strictly followed and carried out.

This medicine has become a staple remedy, and for years has been extensively used throughout the States of Kentucky, Tennessee, Alabama, Mississippi, Louisiana, Texas, Arkansas, Missouri, Illinois, Iowa, Wisconsin, Ohio, Indiana, Nebraska, Pennsylvania, Michigan, and California, and more lately in Kansas Territory, and has permanently cured near 2,000,000 of cases in all its varied forms and conditions—many of which were from one to three years' standing, and had resisted all the usual remedies known in the country; and in no case did it fail to make a perfect and permanent cure, where the directions were properly followed. Such is its invariable success, that it has gained the confidence, favor, and patronage of a large number of respectable practitioners of medicine throughout the country, who prescribe and administer it in preference to Quinine and other remedies.

Persons living in districts of country subject to Chills and Fever, Ague and Fever, or Billous Fever, would do well to keep a constant supply of this invaluable remedy always on hand.

The proprietor has in his possession a large number of certificates and other testimonials from persons who have used this medicine, as well as from Physicians, Druggists, Apothecaries, and other dealers in medicine, attesting its superior virtues as a curative in Chills and Fever or Ague and Fever, and he could obtain many thousands more, or enough to fill up a large volume; but he does not deem it necessary, as it is already extensively and favorably known to the public generally.

FOUND DEAD.

BY ALBERT LEIGHTON.

Found dead—dead and alone:
There was nobody near, nobody near,
When the outcast died on his pillow of stone,
No mother, no brother, no sister dear,
Not a watching eye or pitying tear.
Found dead—dead and alone
In the roofless street, on a pillow of stone.

Many a weary day went by
While wretched and worn, he begged for bread,
Tired of life and longing to lie
Peacefully down with the silent dead.
Hunger, and cold, and scorn, and pain,
Had wasted his form, and seared his brain,
Till at last on a bed of frozen ground,
With a pillow of stone, was the outcast found.

Found dead—dead and alone,
On a pillow of stone in the roofless street—
Nobody heard his last faint moan,
Or knew when his sad heart ceased to beat.
No mourner lingered with tears or sighs,
But the stars looked down with unpitying eyes,
And the chill winds passed with a wailing sound
O'er the lonely spot where his form was found.

Found dead—yet not alone;
There was somebody near, somebody near
To claim the wanderer as his own,
And find a home for the homeless here.
One, when every human door
Is closed to children accursed and poor,
Who opens the heavenly portal wide—
Ah! God was near when the outcast died.

AWFUL.

Youngster, spare that girl!
Kiss not those lips so meek!
Unruffled let the fair locks curl
Upon the maiden's cheek!
Believe her quite a saint—
Her looks are all divine,
Her rosy hue is paint,
Her form is crinoline.

1. In the progression of each book by itself, and of the six books as a series.
2. In the appropriate and instructive character of their illustrations.
3. In their systematic course of practice in enunciation.
4. In the completeness and practical character of the rhetorical exercises.
5. In the sprightliness and vitality of the lessons.
6. In the predominance of the dramatic element in the lessons.
7. In the careful adaptation of the length of sentences and paragraphs to the requirements of the classroom.
8. In the manly simplicity of the first four Readers.
9. In the variety, interest, and spirit of the Fifth Reader.
10. In the combination of sound taste with the highest literary merit.
11. In the fact that no labor and research have been spared to enlist the interest of the learner in every single lesson.
12. In the fact that not a single dull lesson has been admitted in the whole Series.
13. In the fact that every lesson has been specially shaped and adapted to the intellectual condition and progress of the learner.
14. In the fact that nearly every lesson, before insertion, was subjected to the test of actual experiment in use in the school room
15. In the fact that there does not exist, any where else in the English language, a collection of reading exercises so well calculated to kindle the attention of children of every degree of intellectual advancement.
16. In the carefully prepared definitions of the Fourth and Fifth Readers.
17. In the copious critical, biographical, and explanatory notes in the Sixth Reader.
18. In the elaborate, comprehensive, and thorough Cautions for the avoidance of besetting errors of pronunciation.

GREAT EXCELSIOR
Shingle, Stave, and Barrel-Heading

MACHINE

IS NOW ON EXHIBITION IN SAMuel Day's Steam Bellows Factory, on Washington street, between Second and Third, near the Galt House. For simplicity, utility, and durability, this Machine surpasses all other inventions for which it is intended. This Machine only requires from three to five-horse power to manufacture from 20,000 to 30,000 shingles per day. The Machine may be seen in operation from 9 to 12 A. M. C. F Burnett, agent for selling rights in Kentucky, Arkansas, Mississippi, Alabama, Florida, Louisiana, and Texas, will take pleasure at all times in giving information to such as may give him a call; also, in furnishing them with circulars. The Agent may be found at the United States Hotel or at the shop; also, the Proprietor, J. A. Blanchard, will be at the Hotel for a short time. They will sell to suit purchasers in either shop, town, county, or State rights. Those at a distance wishing to address the Agent, can do so at Louisville, Kentucky, Box No. 405. au26 d&wlm

Dr. A. J. VANDERSLICE,
Late Professor of the Ecole Clinique de Medicine Pharmacie la Paris,
A Practitioner for Twenty-nine Years Past,
ANNOUNCES TO HIS FRIENDS and the public that he continues to devote his time to the curing of the following Diseases, viz: Coughs, Colds, Asthma, Fits, Dropsy, Dyspepsy, Liver Complaint, Piles, Fistula, Gout, Rheumatics, Scrofula, White Swelling, Nervous Affections, Fever and Ague, Bilious Complaints, &c.
Dr. Vanderslice has met with great success by his peculiar mode of treatment of diseases, where other very eminent physicians have failed to produce a cure. To attest his confidence in his own skill and merit, he will undertake the cure of all patients without charge, excepting the cost of the medicine, requiring no fee until after the restoration of their health.
Diseases of a peculiar character he guarantees to remove radically in a few days, without offensive or deleterious medicine. He warrants to all, no matter how severe or long standing the disease, an effectual cure, or he requires no pay. Females suffering with irregularities, nervousness, debility, &c., can be permanently relieved by Dr. V.
Invalids in any section of the country, by addressing a letter to him (post-paid), and inclosing a fee, can have advice and medicine promptly sent them.

MOSELEY'S
TUBULAR WROUGHT-IRON

ARCH BRIDGES AND ROOFS!
THESE BRIDGES AND ROOFS have now been fully tested in this vicinity, and it is universally conceded that they cannot be excelled. The Roofs are wholly of Wrought Iron, or mixture of Wood and Iron—Sheeting always Iron.
The Bridges are wholly Wrought Iron, except the floor, which is Wood, like the floors of ordinary Bridges.
We are prepared to make these structures in any quantities, at prices about as follows:
Railroad Bridges, 50 feet span, 8,000 pounds, $17 50 per foot lineal.
Common Road or Turnpike, 50 ft. span, 2,600 pounds, $5 75 per foot lineal.
Roofs, all Iron, 50 feet width of building, $25 per 100 square feet; part Wood and part Iron, from $12 to $20 per square.
Increase of span of Bridges or width of buildings makes an increase of price, but the increase in price is no more than the increase of wooden structures.
We can furnish Iron of every size to work into Bridges and Roofs; and Railroads or other Companies buying the right to use them and the Iron of us, can make their own structures one third less than the above prices. Our structures weigh only from 1-4 to 1-10 that of Wood; difference in freight in a long distance buys our work. In a few days we will have at our factory, 497 West Third street, Cincinnati, four different specimens of our Roof, where the public can inspect them to their satisfaction. We beg them to give us a call, as all our work is warranted, and we ask no pay on ordinary jobs until the work is done and approved, payments being secured on contracting. Office No. 66 West Third street, Cincinnati, O.

MISCELLANEOUS.

SAVE YOUR MONEY!
LUMBER! LUMBER!!
TO ALL PURCHASERS OF LUMber, the PENNSYLVANIA LUMBER COMPANY would say, that they have established a Lumber Yard in the city of Louisville, where can be had a superior assortment of white Pine seasoned Lumber, Shingles, Hemlock Scantling and Joist. Their forest of Pine Timber is considered to be one of the best in the State. The Lumber is manufactured by gang saws, and consequently of great uniformity in thickness. An examination by purchasers will sustain its superiority over Lumber manufactured by single saws.
They are prepared to furnish, at wholesale or retail, any quantity, either at Yard or deliver on the river at any point between Pittsburg and the mouth of the Ohio, water permitting. An examination by all purchasers of Lumber is solicited; *it will bear witness to its qualities, and tell its own merits.*

FINAL SALE OF
LOTS
IN
KENTUCKY CITY!
On MONDAY, 27th Day of September, 1858,
WILL COMMENCE THE SECOND and final sale of LOTS in this growing and most interesting YOUNG CITY.
The Trustees, in announcing this sale, feel warranted in assuring the public that at no point in the West can there be found EQUAL OPPORTUNITIES for safe and profitable investment.
KENTUCKY CITY is located on the east bank of the Mississippi, upon the nearest high land (or above overflow) to the mouth of the Ohio river; and, for all practical business purposes, is, and will forever be, THE mouth of the Ohio.
Kentucky City and Columbus contain four thousand three hundred acres, laid off into lots, streets, alleys, &c.; five hundred acres in quarter and half lots—the remainder in one, two, four, ten, twenty, forty, and sixty-acre lots. It is from four to two hundred and ten feet above high-water mark, and surrounded by a high,
HEALTHY, AND FERTILE COUNTRY,
Rapidly growing in wealth and population, with a salubrious climate, and generous, liberal, enlightened, and refined society. There was wanted but one further feature to make this the most commanding point on the great "Father of Waters." This was uninterrupted communication with the interior of the adjacent States, to accommodate internal commerce and facilitate the interchange of commodities. That want is now fully met by the established system of
RAILROADS,
Which has fixed Kentucky City as the center of a network of railroads stretching out and affording connections in all directions with the interior and with the cities and lakes of the North and East, and ramifying throughout the whole South and West.
That the public may not be led off by suspicions that this is a mere city on paper, we request you to inquire—to come and see for yourselves.
See the map. Kentucky City is the northern terminus of the great Mobile and Ohio Railroad—460 miles long. See also our railroad connection by Union City and along the Nashville and Northwestern Railroad via Paris and Clarksville to Nashville—170 miles. Also, by Kenton and along the Memphis and Ohio Road to Memphis—about 160 miles. Also, via Jackson, Tenn., Holly Springs, Canton, and Jackson, Miss., to New Orleans—500 miles. Also, via Corinth, thence along the Memphis and Charleston Railroad to Tuscumbia, Huntsville, Chattanooga, Knoxville, and the East, and with Atlanta and Savannah, Ga. Also, by the Fulton and Texas Railroad via Little Rock, through to Arkansas and Texas to the Pacific Ocean. Also, by the Iron Mountain Railroad to St. Louis—150 miles. Also, by the
STEAM FERRY PACKETS,
Plying to and fro with Cairo and the Illinois Central Railroad to Chicago and the whole Northwest.
Intelligent, enterprising, and practical men, who will come and see and investigate in person, will be convinced that the extraordinary commercial advantages and facilities of railroad and steamboat transportation possessed by Kentucky City secures to this point requisites for manufacturing and commercial purposes which must, of necessity, cause it speedily to become the great intermediate city between the NORTH and the SOUTH, at which the productions and manufactures of each section will be concentrated for sale, or to be exchanged for those of the other.
The Hon. Postmaster General, in a recent report, says: "No man can look at the map of this country without his eye finally resting on the mouth of the Ohio as the center of population and commerce of the United States."
The sale is to be made without reserve, and in good faith, and there will always be a reliable gentleman on the ground, whose pleasure and duty it will be to give all needful information, and answer all written or oral interrogatories. Then let no one permit himself to be led off by rumor, when the facts are so accessible to all.
Sale to commence MONDAY, September 27th, 1858, and continue until all the Lots are sold.
TERMS OF SALE.
Ten to — per cent. cash in hand; for the residue, a credit of one and two years, with interest.

KENTUCKY
COAL OIL COMPANY,
OF ASHLAND, KY.,
ARE NOW MAKING AN ILLUMInating Oil, which burns with a clear, white light, equal to a fish-tail gas-burner, at a cost of a half cent per hour. It gives off no odor while burning; is not explosive; can be burned in a small, cheap, portable lamp, and is fluid at very low temperature. It is, altogether, the cheapest and best light ever offered to the public.
All orders addressed to JOHN CAIRNS (President), Ashland, Ky., or to CORNWALL & BROTHER, Louisville, Ky., will have prompt attention. au6 dtf

Cooking Ranges.
THE UNRIVALED COOKING Ranges manufactured by Hitler & Young, of Cincinnati, have been fully tested. The senior of our house has had one in operation for three months, and can recommend it for all classes of cooking. It combines great economy in fuel, and is a handsome finish to the most important part of the house—a good kitchen.
We invite those who may want to call at the mansion of James Trabue, corner of Seventh and Chestnut, and Mr. Hilton's, on Sixth street, who are having two sizes now put up. All are warranted. They are put in the wall permanently. We have the prices of the different sizes at our office.

CLOTHING.

THE CLOTHING TRADE!
NO DEALER IN CLOTHING WHO visits our market is unacquainted with the firm of
Lichten, Lœwenthal & Co.,
And whoever has once been dealing with that house will appreciate the superiority of their stock, its variety, and the unsurpassed taste of its getting up, over all and every competition.
This notice, therefore, is more especially addressed to those dealers at a distance who have not hitherto had an opportunity of availing themselves of the manifold advantages offered and inducements held out by the above-named firm, and a general invitation is herewith tendered to them to examine L., L. & Co.'s stock before making their ultimate selection.
It has been the constant study of the firm to distance all competition. With this view their well-known FACTORY IN NEW YORK has been established, and FRENCH CUTTERS engaged; and one of the partners is permanently located in New York, where every novelty in material, pattern, or cut, is at once incorporated into their stock.
A great variety of Gentlemen's Furnishing Goods is also constantly kept.

The Dead Brought to Life!
J. H. MONTGOMERY'S DYEING, Scouring, and Tailoring Establishment is on Jefferson street, north side, between Third and Fourth, No. 467, where the above named work is done in a style that surpasses anything in this community. Owners feel disappointed when they see their old clothes; they present a very different appearance for a reasonable consideration. Those philosophers who insist that dress makes the man can put their philosophy to the test at a very trifling expense by calling at J. H. MONTGOMERY'S establishment. Those who have dilapidated wardrobes would do well to have them pass through my hands; they will find it profitable by so doing. All work placed in my care is done with neatness and dispatch.
All kinds of Clothing made to order on the shortest notice and reasonable terms.
I feel grateful to the community for their liberal patronage, and I flatter myself that I have given satisfaction, or else I could not have the over-crowd of work that is daily brought to my shop; and the cry is, "Still they come." It is the whole cry. If you want your work done right, go to Montgomery's; there you will be pleased, for he is the one can do it. Let those belonging to the fraternity bring their work along and have it done in a handsome style.
Ladies' Silks, Satins, Velvets, Woolens, and Cottons cleansed and dyed to any shade or color, and warranted not to rub off or fade. Crape Shawls cleansed to look like new. As the good weather is coming, ladies, send your Shawls and Dresses and have them beautified.
Please call and examine the work at my shop, and satisfy yourselves. Be sure and call at
